

A Warm Welcome to Barry Camera Club

Welcome to Barry Camera Club. The 2018-19 programme covers all aspects of photography from help with Photoshop, to presentations on Landscape, Wildlife, Natural History, Sport, Documentary and Drone photography. We also have a special interest group for Wildlife photography and hold weekend workshops for all to get out and take photographs.

It is the ideal forum for talking and performing photography, bouncing ideas off like-minded enthusiasts and generally getting involved in making pictures. It is also a friendly, welcoming club socially.

As a club, we also encourage self-development for those interested. The Welsh Photographic Federation, to whom we are affiliated, can steer you in the right direction and we as a club can help you in your endeavours, photographically and artistically. But above all, we want you to enjoy photography, both as a hobby or as a voyage of personal discovery.

Interest and enthusiasm are more important than ability, so if you are raring to go and have spare time on a Friday evening, then come and join us.
