

# A Warm Welcome to Barry Camera Club

The 2019-20 programme offers a broad range of presentations and activities to help you develop your photography. Among the highlights is Phil Savoie on September 13<sup>th</sup> 2019, a BBC Producer and Camera man who has worked with David Attenborough. This should fit nicely with our own Wildlife Group which runs regular weekend workshops for those who like their natural history. We also cater for the full range of photography: documentary, fine art, landscapes, portraits and creative work, and more besides, helped along by practical activities in and away from the Club meeting place.

Barry Camera Club is open to photographers of all levels. If you want to pursue 'distinctions' from the likes of the Royal Photographic Society, we can help you. If you simply want to have fun, we can make sure you do.

We pride ourselves on being friendly and welcoming, so come along and give us a try!

### When we meet
